#### PRINCIPAL'S REPORT

##### CHRIS MALONE

*We want our parents/caregivers/guardians to tell us what they think!*

Thank you to the 12 families who have participated in our opinion survey. Your input is greatly appreciated.

For the large number yet to do so, we would encourage those families to participate. Our school will use the survey results to help inform and direct future school

planning and improvement strategies.

The Parent / Caregiver / Guardian Opinion Survey is an annual survey offered by the Department of Education that is designed to assist schools in gaining an understanding of families' perceptions of school climate, student behaviour, and student engagement.

All families are invited to participate in the survey. The Parent / Caregiver / Guardian Opinion Survey opened Monday August 7 and will remain open until **Friday 8 September 2023**.

The survey will be conducted online, only takes 20 minutes to complete, and can be accessed at any convenient time within the survey period on desktop computers, laptops, tablets or smartphones. The online survey will be available in English and 10 other languages including Arabic, Greek, Hakha Chin, Hindi, Japanese, Punjabi, Simplified Chinese, Somali, Turkish, and Vietnamese.

The invitation to the survey, including the link and pin code required is on our Compass App. Please contact the school office if you would like more information.

*Our policies related to the care, safety, and welfare of students at Sale Primary School are available from school reception upon request. Visit the school or contact [sale.ps@education.vic.gov.au](mailto:sale.ps@education.vic.gov.au)*

### **Parent/Teacher/Student Interviews**

### **Newsline**

As the Newsline is now available on our Compass App, at the end of the month of August, the emailing of the Newsline to families will cease. For those people who are unable to receive a Compass login, the Newsline is uploaded and available to view on our website each Tuesday.

If anyone has any queries, please don't hesitate to contact the school office.

## **NATIONAL SCIENCE WEEK**

### **545 PAPER AEROPLANE COMPETITION**

#### **ROD SMITH**

---

Wow! What a busy week we had last week celebrating Science Week. 'Innovation: Powering Future Industries' was the theme this year.

Well done to all the students who participated in the 545 Paper Aeroplane Challenge last Friday. 85 students set their planes free in Market Square.

It was amazing to see all the students' varied designs and creative responses.

A BIG congratulations and well done to Sora, Oscar, Thomas, and Jobe whose planes flew the furthest in the air!

Junior students learnt about binary code, by creating 'binary bracelets'

Students translated their initial of their first name into the corresponding binary code. Then, using beads to represent the code, they created binary bracelets, representing their first name.

During Science classes, Foundation and Junior students also completed activities based around the Wheel. Middle and Senior students designed, built, and tested, their own paper planes.

## DION DRUMMOND INCURSION ROD SMITH

---

Last Friday our students were fortunate to attend an amazing performance by Dion Drummond. He kept the students and teachers engaged and entertained with a variety of dances and cultural teachings from both Aboriginal and Torres Strait Islander cultures. It was interesting to learn about the culture and discover beats and dances. The students also had a good laugh watching the teachers showing their indigenous dance moves!

## ART ROOM NEWS

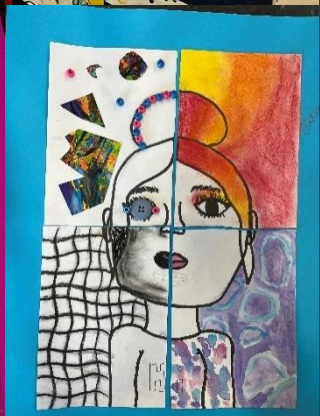

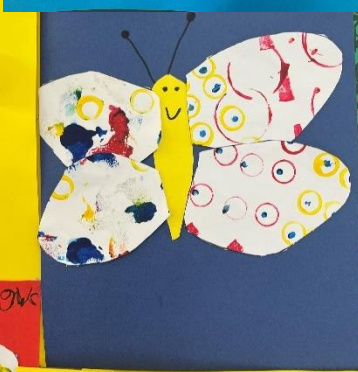

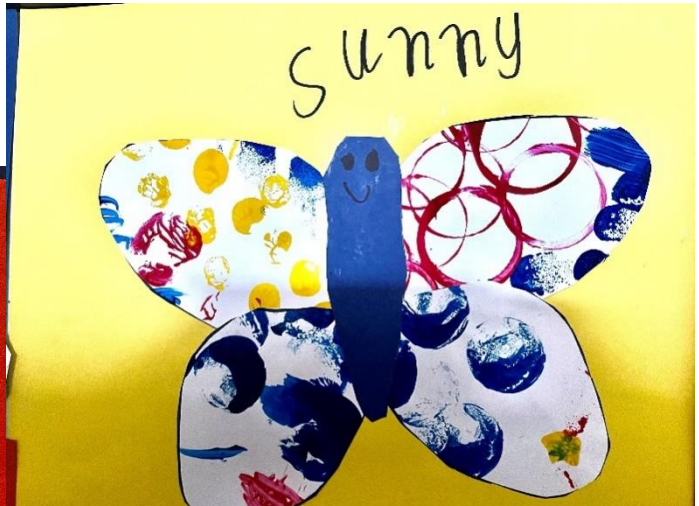

### LOU COOPER

---

Last week Foundation students finished their two week unit on stamping and mark making. The first week they used a variety of tools such as milk bottle tops, corks, cotton tips, sponges and stamps to make different patterns and marks using the three primary paint colours. The following week they chose from either a butterfly or dragonfly and carefully traced the wings and bodies, cut them out and stuck them on either red, yellow or blue backing. They are on display on the board in the main building if you wanted to check them out.

Senior students have been busy creating their mixed media self portraits. First they drew a picture of themselves then cut it in quarters. On one quarter they used pastels, another quarter watercolour paint, the third quarter black and white only using texta, pastel and/ or charcoal and the last quarter 3D using buttons, sequins, patty pans. Collage pieces, beads etc. Both cohorts have done an absolutely fabulous job
