## Principal's Report – Brad Evans

### 2018 Foundation (Prep) Enrolments

2018 Foundation (Prep) students are now officially open.

If you know of families that are intending to enrol at '545' in 2018, please encourage them to drop in and collect an information package.

We would appreciate prompt return of enrolment forms to assist us in planning for 2018.

Please also note; Enrolment **Expressions of Interest** for the Building towards Foundation (Modified) Program only is required by **Friday June 30** in order to assist us with our 2018 planning.

### Student Report Format

Following feedback from parents, the school has endeavoured to improve the student report we create for each student each semester (June / December).

Whilst we are governed by Department of Education Guidelines, we have attempted to make them more informative and parent friendly.

When these reports are received it is hoped that parents (and students) notice these changes and find them a positive step in improving this area of communication.

Some of the new features include:

School Supervision: Children are supervised between the hours of 8.45am and 3.45pm.

today with students to enable an order to be placed by **THIS FRIDAY JUNE 9**

## JS Procedural Texts

Yesterday my mum bought Maxwell into school to show us how to bath a baby. My mum bathed Maxwell and he loved it and I loved it because he didn't cry at all. You will need these things to bath a baby

- Some soap
- A facewisher
- A towel
- Warm water
- Clothes
- A bath, and that is what you need to bath a baby.

We then wrote a procedural text on how to bath a baby. Mrs Morelli (our learning teacher) also bought in her little baby Peyton for a bath as well. By Emmersen Perkins

## Sustainability News – Di Collins

If you have been watching War on Waste you would know what a huge problem shopping bags are for the environment. Below is some information and suggested actions to take.

### War on Waste: #BanTheBag-let's do this!

Image by Jorge Gamboa  
Bangladesh, China, Ethiopia, France, Italy, Kenya, Morocco and Tanzania are just some on a long list of countries with national plastic bag bans. Australia is not on the list. Not yet.

We humans are using billions and billions (and billions) of plastic bags every year instead of reusable shoppers. Our seas, waterways, land and the animal kingdom are being choked and contaminated by them.

But we can change this. As Victoria is one of three states which haven't enacted a ban on plastic bags you can contact our State Premier asking that a ban be introduced.

- Victorian Premier Daniel Andrews – [email](mailto:daniel.andrews@parliament.vic.gov.au): daniel.andrews@parliament.vic.gov.au, [Face book](#) and [Twitter](#)

Top three tips to reduce, reuse and recycle plastic bags:

1. If you do find yourself with a plastic bag or two they can be recycled through some supermarkets by the [REDcycle](#) program (not in Sale yet – ask our supermarkets to introduce this!)
2. Make your own [Boomerang Bags](#) reusable shoppers with recycled materials
3. Always keep a stack of reusable bags in the car, one in your back pack or handbag and one or two at work

Together we can do this and consign the plastic bag to where it belongs – not in our oceans, not in landfill but to a chapter in humanity's history.
