Semester 1 Student Reports

Classroom and Specialist teachers are beginning to complete Semester 1 Student Reports. These reports will be distributed in the last week of this term and will be a progress report on how your child is progressing with their learning.

A further update on your child's learning will be provided in Term 3 with our **Thursday September 14 Parent-Teacher-Student Interview Day**.

Move-a-thon

One of the major school fundraisers, the Move-a-thon, will be held on **Friday June 2**. Detailed information was forwarded on to all families last week and I look forward to the whole school community coming together for this event.

Students need to nominate their activity (walk, run or dance) this week and we are seeking volunteers to confirm their availability this week also.

Students have been encouraged to seek some sponsors / donations but have been reminded NOT to approach strangers and these Sponsor Forms are due back next Wednesday May 31.

Parent/Guardian helpers and participants are always needed and welcomed. Please return the slip at the end of the note that was sent home last week or complete the eform on our Skoolbag App if you can help.

Fidgit Spinners

The new craze of Fidgit Spinners is upon us. At Assembly this morning, I spoke with the students about proper use and unless there are major issues with these devices, I am happy for them to be at school and used for their intended purpose.

Students are to ensure they are not a distraction in class (but can be used to assist their focus) and that

Wellington Cross Country Carnival

Congratulations to our 7 students who represented Sale Primary School and Sale & District at yesterday's Wellington Cross Country Carnival in Yarram. They all ran exceptionally well against some very tough competition from all over the Wellington Shire.

these items are their responsibility as the school will not take responsibility for their safe-keeping. It has also been encouraged that these items are named in some way to avoid confusion and to ensure their safe return should they find their way to lost property.

Monday Morning Assemblies

Every Monday morning we have a whole school Assembly at 8:50. It is often a time where the School Values are mentioned and demonstrated in many ways including:

- Arriving on time (RESPECT)
- Singing the National Anthem (RESPECT)
- Listening attentively to the National Anthem and Speakers (RESPECT)
- Celebrating student achievement (SUCCESS / ENJOYMENT)

I encourage all members of the school community to embrace these School Values, particularly during Assemblies

Wellington Shire

Congratulations to Grade 1 students Isla and Elyse whose letter to the Wellington Shire saw prompt action in the remarking of shared pathways along Guthridge Parade. These students are regular travellers on the Mr E Walking Bus each Friday and it was through this activity that they deemed this upgrade was required.

Education Week Maths Problem

This week is [Education Week](#). To celebrate [Education Week](#) we have found a maths problem for families to work together and solve. There are many different answers to this problem and always numerous different strategies that can be used to help solve it.

Sally Brown has an equal number of brothers and sisters.

Mark Brown, her older brother, has twice as many sisters as brothers.

How many children are there in the Brown family?

Enjoy solving!
